Brief Details.

From Sengkang West Ave I filtered left, checked my blind spot was clear I drove onto Sengkang West Road. I was on the extreme left lane on the straight road and midway to the bus stop a motorcycle swerved in front of my vehicle from the right and collided with the front right corner of my vehicle. The rider and his motorcycle fell onto the middle lane. I helped the motorcyclist to get up and regain himself. I noticed he first turned off his social media/entertainment app on his mobile phone before attending to his minor bruises. I dont know how he did not see my vehicle to his left. He also didnt check his blind spot or signal before entering the left lane nor slowed down to let me pass. I was travelling about 40 km/hr. The rider was not looking at where he was riding. The riders' rearview mirrors were also folded.

From the conversation the rider said he lives just behind. I suspect he was intending to go left and into Fernvale link after making the u turn at the traffic light. He was distracted by his phone and switched lanes without looking and signaling.

The rider rode off.
