**Brief details.**

I was driving and exiting the roundabout along Science Park Drive where a taxi SHB747Z entered into my lane and hit me from the right rear side of my car and also horn at me before he drove off without stopping his vehicle. It was only after I followed him for about 600m did he finally come to a stop at a pedestrian crossing and I kept signaling at him to stop. If I did not follow him and if there weren't a pedestrian crossing along the pedestrian crossing he would not have stopped after hitting my car. Driver of the taxi claims he did not feel the impact that is why he did not stop but it was evident he felt the impact as he actually pressed the horn after impact and thereafter slowed down abit before speeding off. Please do take note that the place that we stopped for settlement is not the original place that the accident occurred.
