**Brief Details.**

On the above-mentioned date, time and location (Serangoon Road X Moonstone Lane), I was travelling at about 30-40 km/h towards PIE Changi when suddenly another vehicle, Blue Honda Vezel SLD511D, collided onto my rear. I assumed he was travelling very fast and could not stop in time. I felt 2 impacts from the collision. There were not any other vehicles present at that point of time. We both then alighted, and I asked to exchange particulars however he refused and told me taking pictures were sufficient. The other driver then walked off towards Bendemeer and left his vehicle behind. I then called for Police. I observed the other driver to be a male Chinese in his late thirties to early forties and he had 2 passengers with him. His passengers also left the scene after the accident. My Taxi suffered major dents to its rear. I was given 3 days Medical Leave for back and chest injuries.
