**Brief Details.**

On 10/08/2024 at about 1610hrs, I was driving along KPE towards TPE, nearing to Paya Lebar exit, 4.3KM. I was on lane 2 and the traffic was heavy. The vehicle in front of me started to brake and slowed down, as such I followed. When the car in front came to a complete stop, I followed as well. However, when I stopped, the car behind hit on to me. We drove to the road shoulder, took photos, shortly after, auxiliary police and tow truck came. After awhile Traffic Police came to scene as well. I did not take down the particulars of the other party, but the Traffic Police had taken it.

I wish to state that no one was injured at the point of time. My car bumper paint are damaged and my car boot dented. The other car bonnet dented and his front grille damaged.
