## Describe Circumstance of the Accident

On the stated date & time I was ferrying my wife and 2 children on board veh A.

I was travelling straight in my lane along the stated location. It was a single lane road in both directions.

As the vehicle in front of me was stationary, and there was adequate space on the right, I then kept to the right, still in my single lane.

Suddenly vehicle B who was initially behind me overtook me from my right against the flow of traffic. It then swerved in and collided onto my vehicle, right front portion.

Impact was great and caused my right elbow & knee to hit my door. I later realised both my children my wife also

suffered pain in their neck areas. my youngest knocked his head onto his child seat. We all went to seek treatment and was given 2 days MC each.
