Dear Ivan,

We refer to the above matter.

Insured reported that he was driving upslope, during the turn, suddenly there is an increase acceleration of the car due to unknown reason and swerve to the other lane and hit third party vehicle.

Please advise if there is any policy issue for this matter and whether we can proceed DS.

If no issue on policy and can proceed DS, we would like to seek mandate for total loss value.

Third party vehicle sustained serious damages and we are of the view that it is uneconomical for repair. We have submitted a copy of the Adjuster Immediate Advice in Merimen for your review and mandate to offer total loss value.
