Brief Details.

On 24/07/2024 between 2200 hrs and 2211 hrs, I was driving my mother's vehicle (SLX4337J) with my friend as a passenger along Lane 1 of Buyong Road towards CTE and I stopped at the last traffic light just before entering CTE.

When the traffic light turned green, I moved off and a black vehicle, either bearing the Mazda or Honda brand, tried to filter into my lane from my left and hit the front left of my mother's vehicle while filtering into the lane and just sped off afterwards.

I tried to pursue the vehicle but it was too fast and I did not manage to stop it. I do not recognize the registration plate of the vehicle that hit onto me and my mother's vehicle do not have an in-car camera installed at the front of her vehicle. I wish to state that both my friend and I were not injured from this accident and my mother's vehicle suffered some dents on the rim of the front left tyre and also some scratches on the front left bumper which also came out slightly.
