**Brief details:**

I was driving along Jalan Sultan looking for parking and my left mirror hit the side of a white vehicle. I did not stop to inspect my vehicle or the other vehicle and drove to Aliwal Street to park my car at the public carpark at Aliwal Street. I went for dinner and received a phone call from IO Khairulanwar from the Traffic Police but did not pick up the call because I did not recognise the number. I returned the phone call when IO Khairulanwar followed up with a whatsapp message. He informed me that I hit a white car at Jalan Sultan. I reported to the Traffic Police at 8.40pm to assist with the investigation and was shown video evidence that my left side mirror had indeed hit the right mirror of the white car, and that I was aware of it and did not stop to leave a note to inform the other driver.
