**Brief Details.**

I was parked at Tampines 1 shopping mall basement car park beside vehicle plate number SND5965X at approximately 6:30 PM.

When I returned to my car, I discovered that the rear passenger-side quarter panel was damaged. The damage included a deep scratch that removed the paint, exposing the bare metal underneath.

Upon reviewing footage from my car camera, I observed the following:

At 7:27 PM, the passenger of vehicle SND5965X opened the door wide, hitting my car and causing a dent. The passenger then proceeded to sit in the car without closing the door first, which caused the edge of the door to scrape downward against my car, further damaging the paint.

My vehicle was parked well within my designated lot, with sufficient space for others to enter and exit their vehicles without the need to open their doors excessively wide.

Please see the attached evidence for reference.

Thank you.
