Brief Details.

On 19/12/2024 at about 0910hrs, i was riding my motorcycle bearing plate number FBS4964T along Pasir Ris Drive 2 heading towards Pasir Ris St 21 (Opposite Loyang point). I was traveling approximately 40 km/h. Upon reaching the traffic junction of Pasir Ris Drive 2 onto Pasir Ris St 21, i am very sure that the traffic light was in my favor. As such, I continued to ride however one taxi bearing plate number SHA 1185T which was traveling from the opposite direction (Pasir ris drive 2, Loyang point side) made a right turn onto Pasir Ris st 21. I did not have time to react and collided onto the right rear of his passenger door.

I sustain injuries on the right side of my body and hand. No police nor ambulance was called as I was still able to get up and shift my vehicle. My motorcycle's fork was damaged and was I no longer able to ride home. The vehicle was towed to the workshop

I exchanged particulars with the taxi driver and went to Sengkang General Hospital to seek treatment. I was given 3 days of MC and was primarily diagnose with acute low back pain and hand injury.

I do have a witness (Micheal, 92748479) who provided me with his dashboard camera footage.
