Brief Details.

On the above mentioned date, time and location, I was driving my vehicle, SHB9913B at Bartley Flyover on the first lane when the car in front of mine suddenly jammed his brakes. I then jammed my brakes and managed to stop but the vehicle behind mine collided with my vehicle. I was then breathless and I could not exit my vehicle. Someone assisted to call for traffic police and the ambulance. I was then conveyed by the ambulance to Tan Tock Seng Hospital. I received 5 days of mc dated from 11/12/2015 till 15/12/2015. Injuries are cut on forehead and nose, blood in my urine and chest pains. I would like to state that I do not have any idea which vehicles were involved nor do I have any of their particulars.
