Brief Details.

On 30/10/2017 at about 1330hrs while travelling along Mandai Road towards Sembawang Road in my SAF vehicle MID40937 I stopped at the slip road to wait for traffic to be cleared on Sembawang road while going back to Chong pang camp. I felt a bump from the rear and made a check to realize that a red vehicle SJE6823H had hit into my vehicle.

We then exchanged particulars and my officer 2nd Lt Jeff Foo came to record the statement of the other driver. No one was injured.

The damages to my vehicle are cracks on the rear bumper and right reverse sensor had gone missing.

There is no CCTV.

My front passenger LCP Wong Yao Hui is my witness.

Brief Details.

On 18/12/2015 at about 1020hrs, while I was driving a Minibus: MID46313 along Loyang Avenue I had a collision with a Van: GBC4376A. I am an Airforce National Serviceman, I was driving a minibus issued to me for the day. As I was driving along Loyang Avenue, I noticed that there were some road works going on and the traffic was controlled by 4 Cisco officers. I was asked to hold at the traffic light while GBC4376A was proceeding pass the pedestrian crossing as signaled by the Cisco officers. One of the Cisco officer instructed me to proceed. Thus I was driving past the traffic light when GBC4376A jam-broke. I was unable to react in time and thus collided into GBC4376A at the edge of the yellow box. My vehicle suffered slight dents at the front while GBC4376A suffered slight dents at the rear of the vehicle. No one injured at that point of time.
