[SHD 3777G \(CDGE\) / SJZ 5777D \(AIG\) / DOA 05/02/2016](#)

Hi Cecilia,

We wish to request for the CCTV footage for this case.

Your witness's statement lacks credibility – it is an [exact replica](#) of the CDGE driver's statement in his GIA report.

Thank you.

On 05 Feb 2016 at about 12:15 hrs I was driving straight on the leftmost lane along Alexandra Rd heading towards the direction of Keppel Rd at a cruising speed of about 50 km/ph.

As I was about to drive pass Malan Rd which is on my left, suddenly a Mercedes car SJZ5777D coming from my right rear from the center lane overtake my taxi and make an abrupt left turn towards Malan Rd.

Sensing the car is on a collision course with my taxi, I immediately brake at the same time honked at the car repeatedly to avoid a collision but it was too late.

As a result of the driver's recklessness, the left hand side rear of the car grazed the right hand side front of my taxi.

04 passengers on board my taxi. One of them is Mr Nixon Ng, hp no 81136853. No injury at point of the accident.

I instructed Mr Neo to go by Depot Road and Telok Blangah Road to our destination. Mr Neo was driving straight on the leftmost Alexandra Road towards the direction of Keppel Road at a cruising speed of 50 km/hr.

X As Mr Neo was about to drive past Malan Rd to his left, suddenly a Mercedes car SJZ5777D coming from his right rear from the center lane overtook his taxi and make an abrupt left turn towards Malan road. Sensing the car was on a collision course with his taxi, Mr Neo immediately brake at the same time honked at the car repeatedly to avoid a collision but it was too late.

As a result of the driver's recklessness, the left hand side rear of the car grazed the right hand side front of the taxi. The above is true to my best knowledge.
