Dear Vic,

We have spoken to Mova Automative Pte Ltd of Block 1008, Bukit Merah, where the report was made and they confirm that the report was sent to AIG.
they furnished us a copy which we attach herewith.

Please note that the accident occurred along CORONATION WALK and NOT CORONATION ROAD as in my driver's report.

As mentioned to Syaf, Coronation Walk is a dead end road and NOBODY speeds along that road. How the other party can claim to sustain neck injuries begs belief!

Best regards,

Denis Low
