Brief Details.

On the 13/06/2017 at about 0730hrs, I parked my vehicle SKS1919m at the said location. Everything was intact and nothing was amiss. On the same day at 0755hrs, I came back to the vehicle and discovered that my front right bumper and near the light was slightly damaged. There was a black mark on it however the car is still able to move.

This is not the first time such incident happened. I have an in-car camera recording and I saw one White Volvo had hit my car. In the video it shows that the car that hit my car was SKE3805T. No notes was left on my vehicle. I have no enemy or dispute with anyone. The car belongs to my mother and she is aware of it.
