**CONTINUATION OF REPORT****Brief Details.**

On 22/07/2017, at about 1515hrs, I was traveling along Boon Lay Way, towards Boon Lay MRT station, I met into an incident with (V1: JNT8237) and (V2: SLC9492X). It was a three lane road and I was traveling along the center lane, lane 2. As I was nearing a traffic light that was near Canadian International School along Boon Lay Way, I slowly came to a stopped as it was red light and there were around four vehicle ahead of me including V1. After stopping for around 30 seconds, suddenly I felt a huge impact from the rear of my vehicle. The impact causes my vehicle to moved forward and my front of my vehicle collided into V1's rear. After the collision, I came out of my car and realized that actually V2's front have collided onto my vehicle's rear. V2's driver then checked with me whether did I sustained any injuries and also checked with V1's driver, no one sustained any injuries during this incident. I then exchanged particulars with V2's and V1's driver. After exchanging of particulars, I then shifted my vehicle to the road shoulder and wait for my tow to arrive.

This is the first time such incident have happened. I do have an in-built camera in my vehicle and it was on recording mode during the incident. No Police or ambulance attended to the incident, no government property was damaged and no one sustained any injuries from this incident.
