Brief Details.

On 17/08/2017 at about 0730hrs, I was on the way to my company namely 'KG Commercial' at 47 Pandan Loop and was driving my grey colour Toyota Vios bearing registration number SJE2884H along Pandan Loop alone. As I reached the T-junction turning into my workplace area, I slowed down to check for vehicle on my left. That stretch is a one-way road.

When I saw that the traffic on the left was clear, I started to inch out and turn right. In the midst of doing so, suddenly an e-scooter came from my right side. I then immediately braked my vehicle but the e-scooter still collided into my vehicle as he was riding quite fast and did not slow down at all. There was also a lorry parked right at the corner of the junction which blocked my view of where the e-scooter had come from.

The e-scooter rider is a male Chinese in his 30s and he complained of pain at his left chest area. He did not fall. I then called for police and subsequently the e-scooter rider was conveyed to hospital. There is in-car camera installed in my vehicle. As a result of the impact, the front right bottom of my windscreen sustained a crack. I was not injured in this accident.
