Dear Vic Alpeh,

We have received your letter requesting the relevant documents. The driver of SLM2111P on Nov 17,2017 was my husband (attached his driving license), and he is currently on a trip overseas.

According to him, after the accident happened, both of the drivers checked the situation and found it was not serious. So both of them did not call police. As it was in peak hour, to avoid the traffic jam, both of them removed the vehicles and parked at an uncrowded place nearby. So they did not take photos of accident scene, only take the damage of the vehicles (attached photos of damage to vehicles).

On Nov 18,2017, my husband went to handle with the repair of SLM2111P at Mercedes Benz, and told the person in charge the accident situation and provided the photos. If you need any clarifications about the accident details, kindly contact Ms Kelyn (attached her card with contact details). Thank you.

Regards,

Liu Xiaojing
