Dear Irene

Measurements of the insured vehicle and TP vehicle (using same make and model) were taken. I had also spoken to the insured driver when my colleague, Naz and I had met him.

Kindly send back survey report for our re-adjustment in accordance to the findings of our measurements.

If our final adjustment is challenged by claimant, I would then prepare an official technical report on the damage consistency in support of our opinion on the cost of repair.

Best Regards,

Bryan Ang

Dear Ms Irene ,

As per your instructions via our telephone conversation, I have gotten my mandarin-speaking colleague to speak with the insured driver. I have arranged for him to come down to the LKK office tomorrow, 29/12/17 at 1400 hours to conduct an interview as well as the height measurement of the Insured Vehicle.

The surveyor handling this case, Mr Wilson will also be present as my interpreter during the interview.

I shall update you accordingly.

Thank you.

FOR YOUR IMMEDIATE ACTION, PLEASE

Good morning Mr Naz,

We just spoke after receiving your email that you will be taking measurements on insured's car.

But your Mr Lau advised in his email below that insured driver should be interviewed to further understand what transpired at the accident scene.

Moreover, insured's driver accident statement was written in Chinese characters.

So please bring along someone with you who is well-versed in the Chinese language.

Please keep us closely informed and we expect to receive your consistency damage report **within the next 7 days by Thursday, 4.1.18** before the 3rd party's lawyer issues a writ of summons.

Best Regards

Hi Irene,

For this case, we need to interview the insured driver who made accident report in 'chinese', to understand more of the circumstances of the accident and the actual transpired between him and the TP driver. Also, height configuration measurements of both vehicles are necessary, in order to ascertain the inconsistencies of the damaged parts.

Hi Celine, please expedite and remind our surveyor Wilson.

FOR YOUR IMMEDIATE ACTION, PLEASE

Dear Mr Lau & Bryan,

We refer to your survey report dated 11.12.17 on the subject vehicle.

Our insured driver reported that the front car plate no. and the front bumper/front bumper reinforcement were originally damaged as confirmed by the 3rd party's driver. Please see insured driver's statement below under caption no. 1. Therefore, both were not damaged by our insured and not consistent with the subject accident on 28.9.17.

But the above inconsistently damaged part items have been recommended by your surveyor to be replaced and repaired as seen on items nos. 6, 7 and 9 which we have re-produced an extract from your survey report as below under caption no. 2.

We have also attached some accident scene pictures on both vehicles under caption no. 3. You can see more pictures attaching with the GIA reports of both parties.

Please clarify and let us have your view/comment **asap or within the next 7 days by Friday, 22.12.17.**
