### Sketch Plan

Sketch Plan #2

Describe Circumstance of the Accident

At 4.45pm, I left my office (10 Raeburn Park) to meet a client. I was driving a Toyota Altis and was travelling at about 20-30km/hour along that stretch of road. (Raeburn Park towards Spottiswoode Park Road).

As I was travelling at a slow speed, I noticed there was an obstacle (cat) at the left side of my lane. I slowed down, signalled right, check both my rear and side mirror and blindspot to exercise extra caution upon filtering out to avoid the cat.

While checking my rear mirror, I noticed a Toyota Camry had just exited the gantry of my office building. The distance between the Toyota Camry and my location was approximately 200-300m away. Therefore, I started filtering towards the right. The next moment, there was a sudden huge impact towards my car, causing me to jerk forward. I jammed break immediately. The Toyota Camry had hit the front right side of my car and he skidded forward.

After the accident, I alighted my car to assess the damages made. My car had slight scratches on the front right side and at the right headlight due to the Toyota Camry dragging/side swiping the front side of my car. While the Toyota Camry had a huge dent and scratches in the left front side and the headlight was broken.

The driver of the Toyota Camry SJJ6521C, Mr. David Oh Kok Boon, was a Private Hired Driver and during the time of accident, he had 2 passengers in the car with him. As there was no injuries sustained to the passengers and the drivers, the both of us came to a conclusion not to file a police report and let our company handle the situation.

Declaration  
I/We declare the foregoing particulars are true in every respect
