Brief Details.

1. I was driving my scooter along queen street and towards Middle road to turn at the traffic light.
2. There was no vehicle in front of me, the road was completely clear of vehicles, the traffic light was green.
3. Suddenly a car coming from manila street turned into my lane (from the left) while I was crossing the yellow box. The car did not stop at the stop sign (despite being visible from a post and on floor marking)
4. The car did not turn into the first lane but attempted to cross 2 lanes in one go, so I could not avoid the collision
5. I could not brake so I hit the car on the driver left side. I felt on the floor with my scooter
6. The driver did not stop and checked what was happened but continue driving towards to opposite lane just as she wants to be outside the yellow box
7. I managed to extract myself from under the scooter although my leg and feet hurt. I asked the driver to stop 2 times until I have to go in front of the car (see one of the photo angle where the driver is still driving)
8. the driver did not help or asked if I was injured
9. The impact is in the middle of the yellow box as the location of the scooter suggests
