WITHOUT PREJUDICE

Dear Caroline,

We refer to your below email.

Please be informed that liability is **not clear**. Our Insured reported that your client is exiting from a minor road. There is no conclusive evidence yet to substantiate either party's version. Below is a copy of our insured's accident report for your perusal.

Describe Circumstance of the Accident

At around 12:45p.m on Friday 1 Dec 2017, I was driving my car along Holland Road in the direction of towards Ulu Pandan. I was on the extreme left lane at the time as I intended to make a left turn into North Buona Vista Road. As I passed the junction of Lorong Mambong at Holland Village a BMW car with licence number SLD 6258X was at the junction to turn out into Holland Road. She did not stop at the junction and exited just as I passed the junction and her car hit my left rear fender. The accident would not have happened if the driver of SLD 6258X had followed observed traffic rule of stopping at a road junction until the road is clear. The driver of the other car is a 21 year female with driver licence number S9645388D who has less than 2 years of driving experience.

We are in a course of investigating into the circumstances of the accident. After verifying further with our OI we will revert with our opinion on the cause of the accident. Kindly do not refer to any party for legal assistance until you heard further from us.

Meanwhile, kindly forward to us with any evidence (if any) your client have to support your claim.

Thank you.

Best Regards,
