**Brief Details.**

On 02/12/2017 at about 1315hrs, I was travelling along Lentor Ave towards Ang Mo Kio vehicle, SLE7405B (V1) and I was carrying a passenger in that point of time. I wish to state that I saw no vehicle on lane 3 as such I made a check on my rear and side mirrors for oncoming vehicle. I then spotted one vehicle, SGG2704U (V2) from afar, about 10-15metres away from ahead. I then signalled left and made a lane change to lane 3. The driver of V2 then caught up with me continuously at me as such I slowed down my vehicle and asked passenger for permission to change my vehicle when the driver of V2 hit onto the rear of my vehicle. The impact was great and my vehicle to surge forward and the driver of V2 hit onto the rear of my vehicle again. The driver of V2 then reversed and hit onto the rear of my vehicle continuously for about more than 4 times.

Both drivers got out of the vehicles. My passenger was in a rush as both drivers took down their contact number. The driver of V2 then approached me and asked me "Now shiok is it?" and he said "nothing happened to your car" and "You are done". The driver of V2 then drove off without giving any details.

I do have a front in-built camera in my vehicle. The rear portion of my vehicle were seriously damaged. I have reported the matter to Uber and called for Police who attended to me vide F/20171. I have pains on my neck and back as such I will be proceeding to see a doctor to get treated.
