Brief Details.

I was driving my car bearing registration number plate SJC6116B along Woodlands Crossing towards checkpoint at the first lane out of the two lanes. While I was driving, a car bearing registration number plate JRP849 which was travelling behind my car wanted to overtake my vehicle by going to the left. Suddenly I felt a jerk. I then went out from the car and observed that my car had a side swipe with the other party. I then spoke to the other party and he informed that he do not have money to pay for any private settlement. He then told me to lodge insurance claim instead. He also refused to exchange phone number as he argued that he had already let me took a picture of his Malaysian Driving License.

I wish to state that I am not the car owner, as I am only the driver. I wish to state that my car had a dent and some scratches at the left rear side. I also wish to state that the other party have also scratches on the car at the right front bumper side.

I also wish to state that myself and the passengers has yet to go for medical check and might consider going. No police or ambulance attended.
