Brief Details.

On 10/12/2017 at about 5.50pm, I was driving my car(SKG6749S) along PIE towards Changi. I was driving on the 1st lane on the right. The traffic was starting to get heavy. The car (SKG5279M) in front of me slowed down and come to a stop. As such I applied my brake and my car came to stationary.

While stationary, I suddenly felt an impact coming from the rear. The impact was strong enough that it causes my car to move forward and hit onto the car (SKG5279M) in front me. I alight my car and discovered that a car(SK4789S) had hit onto the rear portion of my car.

I then took pictures of the accident and exchange particulars with the other drivers that were involve with the accident. Awhile later, Auxillary Police came to scene and activated EMAS to tow my as car was unable to move. My car was then towed to my workshop.

After the accident, my passenger and I was not feeling well. As such we went to Parkway East Hospital to seek medical treatment. We were both given 3 days medical leave each.
