Brief Details.

On 13/12/2017 at about 1000hours, I parked my said lorry at lot number 18 and went to run errands at my stall. Subsequently, my friend told me that my lorry was being hit and the driver has driven off. I went to check on my lorry and found that my rear right side was hit.

I have a in car camera in my lorry . I went to review it and I saw a white BMW did hit onto on rear right side and it drove off. The number plate of the white BMW was captured in the footage. However, the number plate was a bit blurry as I viewed it on my phone and I could not get hold of the right numbers. However, I do believe that the number plate can be seen after viewing it on a computer instead.
