Brief Details.

On the 28/04/17 at about 1015hrs, I was travelling along Yio Chu Kang Road going towards Upper Thomson Road in my vehicle bearing registration no. SLG8620D. While driving, I observed a few cars to be parked in front of the condo namely Castle Green Condo, before the entrance and exit. As such, I slowed down my car to a stop behind the parked vehicles, before looking at my right side mirror to check if the coast is clear.

However, about 2 to 3 seconds later, I heard a braking sound, and then felt an impact behind me. I then realised that another vehicle bearing registration no. SJR8859Z had collided against the rear of my vehicle. The other driver and I then alighted from our vehicles. I realised that my rear bumper and boot had suffered scratches and dents, and the mudguard of my vehicle is damaged. The other vehicle's bonnet and front bumper was dented and out of place.

The other driver claimed that he is not injured. He does not have any passengers in his vehicle. We then took pictures of each of our vehicles and exchanged particulars before we left the scene. No police or
