Dear Priya,

We refer to the above matter and to your rejection approval in merimen.

Please be informed that we had just received the TP video footage that shows the entire accident. Please see attached footage.

It was observed that Insured vehicle had slowed down and stopped with signal lights on to make a right turn from the middle lane as there was another vehicle that would like to make a right turn at the left most lane when rear-ended by TP vehicle.

We are of the opinion that TP failed to maintain safety distance and proper lookout to the vehicles in front.

Kindly confirm if we maintain our position and/or for your further instructions please.

Thank you.

Best Regards,
