Brief Details.

On the 7/1/2018 at about 4.30pm, I was driving along Bukit Batok East ave 4 when I stopped gradually before the traffic light when the lights turned red. While I was stationary a vehicle from behind had knocked into my vehicle causing cracks and scratches on my vehicle's rear. As I had locked my right arm to the steering wheel the sudden impact caused me to hurt my arm as well. I had felt pain on my right arm and neck.

A male driver came out of the vehicle and check on his damages before informing me that he did not bring his wallet, the driver did not ask for my well being or injuries. He informed to settled the matter through insurance claim. I wish to state that I do not have a camera on the back of my vehicle. I had gone to Whampoa Clinic to make a check up and was given 3 days MC. I am lodging this report for insurance claim and for police investigation.
