Circumstances of Accident

#others Upload the drawing sketch plan "This is with reference to letter that we have received for our vehicle with registered number: SJX 3358G First of all we are not aware of any police report that was made against us on the spot of mentioned accident and also are unaware of any claim made for accidental damage Yes, our car and taxi were in very close proximity of each other but there was no physical contact between the two cars. Kindly see attached images which clearly shows the gap. So there was no accident that occurred. I have also attached a video which shows that there are absolutely no scratch marks that would result from such claimed accident. The taxi (SHB9981D) suddenly came in front of my car while I was turning right from Buyong road onto orchard road. I did insist on reporting the incident to police on the spot, which is the usual protocol to be followed in such incidents. If the said taxi driver had any doubts that there has been any contact between the cars he should have called the traffic police on the spot. However, the taxi driver showed no interest in approaching police for an accident report and drove off in frustration and anger from Buyong road the onto orchard road near Istana Park. Hence it is a matter of grave concern that an insurance claim has been made when there was no accident and we are totally in the blind of what claim has been made. Kindly advise further. Best regards, Sonal Pandit "
