### DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

I was travelling down upper east coast road on the way home, ~~when I was~~ going straight off the lane as indicated, when I saw the car in front suddenly indicating that he would like to turn right. I ~~was~~ immediately stepped on the brake, but the car slipped forward as it was a rainy night. It impacted the other party's car, and they turned right and got out to assess the situation. I got out in shock as well but I was in the middle of the road and they told me to drive off to the side to avoid traffic. When I started driving, I realised the steering was very heavy, and noticed a small flame coming in front of me that steadily grew bigger. I stopped my car at the slip road and ran out, as the fire grew. Passers-by and residents of the apartment building saw, and helped to get a fire extinguisher to put it out. The police and fire brigade came onto the scene after, and reviewed the situation. After confirming everything was okay, they left.
