Brief Details.

On 11/01/2018 at about 2035hr, I lodged a Police report T/20180111/2204. However I would like to meet amendment to my report after viewing the CCTV footage of my car.

The CCTV footage showed that my car SLR 2568D was hit from the rear by vehicle GBA 9028H and due to the impact, my car surged forward and hit the rear part of vehicle GZ7655U which was in front of me. Within 2 seconds, the vehicle GBA 9028H hit my car again for the second time.

I stopped my vehicle and came out to realize that there was a chain collision between 5 vehicles including mine. There was a motorcycle (JRE 7918) at the very front followed by a vehicle (SJQ6048R). After which was the van which I collided on.

No one was severely injured at my scene. My passenger suffered a small cut on the lips. I sent my passenger for medical check up.

I suffer some pain at my shoulder and back. I went to KTPH and the doctor told me that I have some muscle tear at the shoulder and back. I was given 3 days MC.
