Dear Joanne,

c/c: Mr Roman De Alban

Thank you for your assistance.

I was shocked when I saw the claims amount \$4260.00. As you know there was no damages on the rear of the taxi car and no injuries on taxi driver. I really need help and perhaps insurance company could assist to investigate in this incident. I would like to highlight on the following:

- 1) No damages can be found. (refer to attached) and you also can see the driver stand behind of the taxi trying very hard to find the damages. He was calling his partner and i clarifief with his partner no damages and injuries in this incident.
- 2) No injuries on taxi driver. As you can see from the photo attached, the driver is able to hold in a squat position (if injured i don't think can do this position) and answering phone with no signal of pains on his body.
- 3) At first I was offering \$50 to him as I saw no damages. He requested \$100 and I didn't pay him. About 15 minutes later he agreed my offer and we met at another place near Yew Tee mrt. Pls see my phone calls record and appreciate if you think to retrieve our communication content to show that he also admitted no damages and injuries can be found.
- 4) Which police post he was reported to if he claims that he was injured. Making an false statement is an offence and I doubt the police recorded the accident report can help to investigate further.
- 5) Is it a common practice for insurance company to claims so high charges if no damages and injuries found? Any insurance association that I can seek for assistance if I think the claims is unreasonable and ridiculous.

If you need further clarification you may contact me at 91880526

Thank you.

Best Regards,
Tong
