CONTINUATION OF REPORT

Brief Details:

On 27/10/2017 at about 1545hrs, I was driving in my vehicle (White Toyota Estima bearing license plate SI P29317) along Loyang Way. I was driving Uber and on the way to pick up a passenger at the Army camp at Loyang Way. As I was turning towards the camp, I noticed that there was an ambulance behind me. As such, I kept to the left side of the lane to allow the ambulance to overtake my vehicle. All of a sudden, a Traffic Police motorcycle hit onto my vehicle's front left bumper area. The Traffic Police slowed down about 40 to 50 metres ahead and turned around to look at me. The Traffic Police then rode off. I was unable to see the motorcycle's license plate number. Nobody was injured. My vehicle sustained dents and scratches at the front left bumper area.

I wish to state that I do not have any in-car camera installed in my vehicle. However, I have pictures of the damages to my vehicle. I am lodging this report as I received a letter from Traffic Police instructing me to lodge a traffic accident report.
