Brief Details.

On 22/01/2018 at about 1855hrs, I was driving my taxi vehicle SHC6191G along ECP towards the direction before Bedok Exit. There are 3 lanes and I was driving on the extreme right lane, lane 1. While I was travelling straight, I observed that the vehicle ahead of me SLB9334A suddenly stopped. Upon seeing that, I immediately applied brakes but was unable to stop in time, thus collided onto the rear of the mentioned vehicle. After the collision, I felt another impact coming from the rear.

I alighted from my vehicle and observed that the accident involved 3 vehicles. First in line is SLB9334A, followed by my vehicle SHC6191G and lastly SHC3882R. I spoke to the driver of SLB9334A and he explained that he observed that the vehicle before him jammed brake as such he followed suit. I also spoke to the driver of SHC3882R and he explained that he was also unable to stop in time.

My vehicle suffered damages on the front and rear portion.
