Accident Sketch Plan

My car was travelling along Thomson Road towards Moulmein Road. At the point of the time, the traffic light was green with green arrow in my favour and I was at the second right turn lane and vehicle B was on the first right turn lane. After I ensure that the traffic was clear, I gradually make a right turn towards Moulmein Road with my right signal on. All of a sudden, I felt an impact on the right side portion of my car along with scratches sound on the right side portion. Within seconds of the first impact, I felt another impact on my right side front portion again. I got off my car and found that vehicle B had hit onto my car. I wish to state that my entire right side portion were with dents, scratches and damages due to the accident, and my right side front portion, right side passenger door are dent, the two front and rear rims and the right side mirror are also damaged. After the accident, the driver of vehicle B had stated to me that he was travelling straight towards Thomson Road and I have a recording with regards to the conversation.
