**Brief Details.**

On 29/1/18 at around 1230hours, I was driving on the third lane of Jalan bukit merah going straight when the second vehicle, SLD5245P attempted to turn left into the petrol kiosk in front from the second lane. I was unable to react as he turned into my lane too fast and the front right bumper of my car hit his car near the front passenger door. I was very sure that he entered my lane without signaling. We then alighted exchange particulars and left, I visited clinic and received 3 days in MC.
