Dear Gary,

ACCIDENT INVOLVING VEHICLES SLT 364C AND SHC 6059G ON 30.01.18
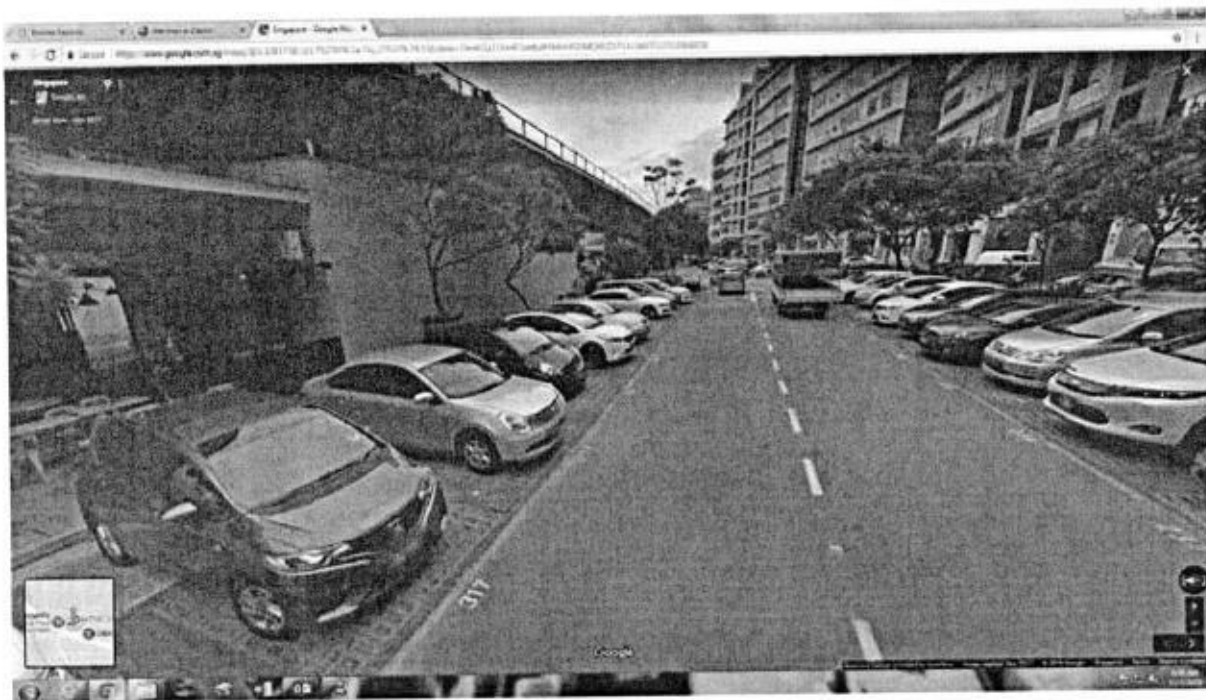

We refer further to our below email.

Please be informed that our principal is in the view that our Insured driver is not liable of this accident as it shows that our Insured vehicle was travelling along the driveway (one way – two lanes road).

The accident could have been avoided if your client did not inched out of the parking lot and waited for our Insured to drive pass before moving out. Please find below screenshots of the scene location grabbed from Google Map for your reference.

Below is the screenshot of the video footage from your client that shows the location of the accident.

Below is the screenshot of the scene location as per google map. Based on the google map, this is a one-way, two lanes   car   park.
https://www.google.com.sg/maps/@1.3282687,103.7523889,3a,75y,120.33h,84.26t/data=!3m6!1e1!3m4!1sxOYn-Ra3ccEK9MzIQSmlRg!2e0!7i13312!8i6656

Going down further on the google map, it clearly shows the directional arrow (circled) of the drive way.

As such, we are unable to look further into your claim.

We will now close this matter.

Thank you.
