Hi Hsiao Tong,

Sorry for late reply.

Based on damage patterns, it seems like TP's version is more accurate. In view of the scratches. Would you please call insured to prompt insured whether if TP was stationary as what TP reported?

However, if insured insisted that TPV was trying to squeeze in, you may reject the claim under BOLA 11(b).

Thanks & Best Regards,

George Lee

Dear Sirs,

ACCIDENT INVOLVING SFX 1688L(OI) & SKM 7007L(TP) ON 26/01/2018

We refer to the above matter.

Third party reported that he was making a U-turn at the junction of New Bridge road and Upp cross St into Eu Tong Seng St towards Clark Quay. Our insured driver had stopped inside the yellow box due to front vehicles had stopped to wait for traffic light. When the traffic flow started to move, our insured driver overtook third party vehicle and collided onto third party vehicle.

Our insured driver reported that she was travelling towards Clark Quay. Third party who was making a U-turn did not stop and collided onto her vehicle.

There was no video/witness statement from both parties.

Based on both parties report and the available information on hand, we are of the opinion that our insured has the right of way. Third party should give way as he was making a U-turn.

In view of the above, we are intending to reject third party claim.

For your approval/comments/instruction.

Best Regards,
