Brief Details.

On the 22/11/2017 at about 1325hrs, I was riding my motorcycle (FBA7399A) along Edgefield Plains near to Oasis primary school. As such I was going to filter to the left lane but before that there was one grey van in front of me. However I expect the van in front of me go straight as he did not signal left, subsequently when I filter to the left lane the van suddenly come close to me.

As such I tried to speed up to get away from the van as I wanted to prevent accident due to the van was quite close to me. However the van suddenly turned left and knocked onto me and I fell from my motorcycle.

I was able to recall that when I was filtering to the left lane the van in front of me did not turn on his left signal light. Subsequently the driver alighted and make a check on me. I tried to stand up however I felt pain on my leg as such I couldn't stand up and I requested him to call for ambulance. While waiting for the ambulance arrival, we exchanged our particulars.

When the ambulance arrived, the medic make a check on me and brought me to Khoo Teck Puat Hospital. Subsequently I was diagnosed with fractures on my right foot and was given 14 days MC.
