Brief Details.

On 3/2/2018 at about 1318hrs, I was driving along PIE (Changi), near lamp post 882F, with my wife onboard when all of a sudden, the car (SBU92A) in front of mine suddenly stopped and as such, I did an emergency brake and due to that, the cars (SLB3902A and SDJ8909B) behind me collided into mine. I got out of the car and discovered that I was involved in a chain accident. I made a check with the passenger of the taxi (SHD1G) that was further in front of mine and I was informed that the first car (SLT25G) had suddenly stopped for no reason and due to that the taxi had to do an emergency brake which led to the chain accident. The said passenger is namely Adilah, Hp: 84980442 and she informed that she is willing to be a witness to the accident. Due to the incident, my car had sustained minor damages to the front portion whereas the rear portion of my car sustained severe damage. Both my wife and I did not sustain any injuries. The police and ambulance had came to the scene however no one was observed to have been conveyed by the ambulance. I am now lodging this report for insurance claims. I would like to state that my car has an in car camera which had recorded the above mentioned incident.
