Dear George,

We refer to the below matter.

Please be inform that we have check with our surveyor Mr Adrian.

At a current COE pf about \$ 32K, a similar make and model is marketed for about \$ 57K. At the time of accident (Feb 2018), COE was renewed at \$ 38,655, an increment of about 6K-7K from current COE price. Please see the attached of a current advertisement.

Therefore, a more reflective market value at the time of accident should be about 57K (current car price) + 7 K ( difference on COE price between accident date and current date) = 64K

Nett value = 64K – 38.6K = 25.4K
