No. of Days granted Medical Leave	05	Degree of Injury	Slight

**Brief Details.**

On 08/02/2018 at about 1000hrs, I was driving my Grab car bearing plate number SLV378C along River Valley Road (at the T-Junction of Hill Street and Eu Tong Seng Street) and I was approaching a traffic light junction. As it was red light at that point of time, I stopped my vehicle. Suddenly, I felt an impact from the rear of my car and I realized that a van had collided onto my car. I had a male passenger with me namely Franklair, HP: 88084963 at that point of time and when I made a check with him, he said that he was fine. However if there is anything, he will update me again.

I then went out of the car to make a check and I realized that one commercial van bearing plate number GBA6502A had hit me from the back. We then exchanged particulars and after taking photos of the scene, we went out separate ways.

I sustained some injuries on my back and shoulder area thus I went to Mount Alvernia Hospital to get it checked and I received 05 days MC. My car sustained damages on the rear portion whereby it was dented inwards. I do have a in-car camera.
