Dear Madam;

Your Ref:

Our Ref:

Accident Involving GBB4558Y And SKU 3997M
On 8/2/2018

Date: 9.7.18

I refer to letter MT/CA/TP/018/0981748-002/A/AY dated 30/5/18 from NTUC Income Insurance & a copy of Accident Sketch Plan put up by the driver of Van SKU 3997M on 9/2/18 which was attached therewith. (All the above were sent to us by you through E Mail)

On 8/2/18, my wife, a newly arrived Phillipines maid and I were on the way going back to office at 196 Pandan Loop #07-19 after a lunch at a market at Clementi Ave 2.

I was driving my van in Lane 4 (as shown in Accident Sketch Plan of van SKU 3997M) at Commonwealth Ave West as I had to left turn to Clementi Ave 6 through a filter lane in front of us, toward West Coast Way.

I needed Not to twist to the right as there was NO ROAD WORKS in front of my van, while we were on the way.

The Road Works were being taken place at the centre of Commonwealth Ave West.

Kindly see the Photo attached herewith. It was taken by my wife Irene Neo rightly on the spot at the time of this accident.

Obviously & Clearly, the Driver of Van A SKU 3997M IS LYING on his Accident Sketch Plan & Report; put up by him on 9/2/18.

We did see that the van(A) SKU 3997M, the Driver, the Indian Lady Attendant were going to the direction towards AYE which is on the left of the Accident Site.

They were NOT driving to the way of Boon Lay Way as they reported.

Upon the true facts, I am entitled to claim the Loss of Access \$500-00 + 7%GST, Loss of No Claim Discount, etc.

Thank you very much.

Yours faithfully;

LOW KOK KHEONG
