Dear Vale,

We refer to the subject matter.

Please be informed that we had rejected the TP claim as instructed before and closed off the matter.

However, TP had come back and proposed for a 50/50 settlement in view of conflicting versions.

We had checked with Insured, and was informed that there was no video footage, scene photos and PIR available yet.

Based on damaged profile, Insured sustained damaged to the rear right portion and TP taxi was on the front left portion.

Kindly advise if we maintain position and/or for your further instruction please.

Thank you.

Hi Vic

Since TP is unable to provide evidence to support his version. Please proceed to reject TP's claim in view of our Insured was stationary, thanks.

Dear Cynthia,

We refer to the subject matter.

Please be informed that we had spoken to the Insured's PIC Ms Wai Yin and we were informed that there claim against TP is still pending. They had rejected TP insurer offer of 50/50.

We had also confirmed with TP repairer that they do not have any evidence to support their client's version of the accident.

In view of Insured's driver statement that he was stationary within its lane, and TP driver statement which mentioned that both vehicles were changing towards the same lane at the time of accident, it is up to the claimant to provide concrete evidence to support his statement.

As such, we would like to deny the TP claim.
For your approval and/or further instruction please.
Thank you.
