Report No. T/20180209/2205

CONTINUATION OF REPORT

Brief Details.

On 09/02/2018 at about 4:30pm, I was driving a Malaysian registered lorry, MBM7512. I had just came off the PIE and made a right turn onto Bedok North Avenue 3. After making the right turn, the car in front of me, bearing registration plate SJT1163H suddenly stopped. I managed to react in time and stopped my lorry, however the vehicle behind me, bearing registration plate YP6485P was unable to stop in time and collided into the rear of my lorry. The impact caused my lorry to move forward and hit into the car in front. I had a passenger with me in the lorry. My passenger and I were able to move on our own after the accident. I exchanged particulars with the driver of the lorry behind. The driver of the car came out of his car, made a check and then just left the scene. He did not share his particulars with me. I felt pain in my back and on my leg, and my passenger complained of pain in his right leg. We sought medical treatment at Access Medical (Bukit Batok). I was given 3 days MC from 09/02/2018 to 11/02/2018. My passenger was also given 3 days MC. The chassis of my lorry was damaged due to the impact. The engine was unable to start. The other drivers did not complain of any injuries at the time after the accident.
