Dear Sharon,

ACCIDENT INVOLVING VEHICLES SJH 1912B / SDG 95S / OTHERS ON 09/02/2018

We refer to the above matter.

TP reported that he was travelling on 2nd lane when OI vehicle cut into his lane and collided onto TP vehicle. Enclosed copy of TP CCTV footage for your further review.

OI reported that he was unable to stop in time and steered left immediately, resulting in a collision with TP vehicle. OI further stated that TP vehicle was driving from the left lane and the collision caused damages to his right main headlight, front right bumper and left side mirror. No CCTV footage provided by OI till date.

We had spoken to the OID where he confirmed that at the material time, he was travelling within his lane at the said location as reported when he suddenly change lane to avoid collision with the front vehicle. OID further mentioned that he was not fully aware if TP vehicle was travelling from the 2nd lane or 1st lane prior to the collision. However, OID informed that TP vehicle was positioned on his left immediately after the collision took place.

In view of the available evidences on hand, we opined that the above accident best fit the below BOLA SCENARIO as follows;

	SCENARIO	DESCRIPTION
28.		Driver of the vehicle behind 100% liable for losses incurred by vehicle immediately in front Reason: To avoid costly collision damages

For your further instructions.
