Brief Details.

On 17/02/2018 at about 1100hrs, I was driving my vehicle (SLB8629G, V2) along PIE near to Stevens Road towards Tuas. I was driving on the second lane from the right. I had a passenger which was my husband and my 1yr old son who was sitting at the back of the passenger seat. My son was in the baby car seat.

As I was driving at a speed of 80km/hr, suddenly a vehicle (SLH8807C, V1) which was in front of me had jammed brake. As I did not tailgate and drive at a distance I managed to brake in time. However, a vehicle (SLB839Y, V3) had knocked onto my vehicle causing my vehicle to hit onto V1 rear. It was a hard knock. My son cried due to the great impact that his head had hit onto the front passenger seat. I felt pain on my back, wrist right thigh and abrasion of right knuckle. My husband had a pain on his neck.

I then went out and was informed by the V1 that earlier there is a vehicle in front of him that jammed brake due to the construction on the second lane of the expressway. However the vehicle had left and he did not take note of the vehicle number. I then exchange particulars with both drivers. Both driver then told me verbally that they did not have any injury at the point of time.

I wished to inform that both my front and rear vehicle had suffered damages. I then still managed to drive off slowly. I then head to the nearest Hospital and both me and my husband was given a 3 days of MC and medication. My son however did not suffered serious injury and was told to monitor his condition.

I wished to inform that I do not have an in-car camera in my vehicle.
