Brief Details.

On 1 February 2018 at about 11.13 pm, I was from Merlimau Road heading towards Tembusu Crescent and travelled via Jurong Island Highway towards Tembusu Avenue. I was travelling along lane 3 of 4 lanes and as I was approaching the junction by Sakra Road, the traffic light in my direction was green light only in my favour. As such, I proceeded straight reaching the stop line ahead and about 60 km/h. I could not remember whether there was any vehicle stopping on lane 1 or 2 at the junction on the same direction as me. While going straight at through the junction, suddenly, an unknown vehicle making a right turn at the junction from the opposite direction, I could not see it and collided onto the said vehicle. After the collision I blacked out.

Eventually, I woke up in NUH hospital ward. I realized that I sustained fractures on my left and right foot area, left finger area and my right collar bone from the accident.

At the material time, weather was fine, road surface dry, traffic flow light and visibility was good.
