Dear Sir / Madam,

ACCIDENT ON 19/07/2017 INVOLVING VEHICLES SHB 9666P AND SG 5055Y

We refer to the above matter.

TP reported that his front bumper right corner collided onto the rear bumper left corner of our insured vehicle.

OI reported that he was travelling straight at the 3rd lane along Sengkang East road towards Punggol when another vehicle which was on his right without signal swerved towards in his lane so he applied brake to avoid the collision. Subsequently, he felt an impact from behind.

We have reviewed both reports. Basing on available information, scenario from all involving parties, we are of the opinion that our insured is not liable for the accident as he was rear-ended by TP vehicle.

As such, we intend to reject the claim and kindly let us have your instruction / approval please.

Best Regards,
